8. Result Declaration.
9. Organizer's Rights.
10. Coordinator details.
11. Prizes.

1. Introduction:
A unique programming challenge where participants must write code without executing it or viewing any output during development. It tests syntax accuracy, logic clarity, and coding confidence.

2. Eligibility:
The competition is open to all students (Diploma, UG, or PG) .

3. Registration:
Pre-registration is mandatory with a **fee of 200/-**. Seats are limited based on lab capacity, and each participant is assigned a unique ID.

4. Competition Format:

- Allowed Languages: C++, Java, or Python.
- Coding Rules: No compilation or execution is allowed during the coding phase.
- Participants must use the provided editor.
- Prohibitions: Internet access, mobile phones, and external help are strictly prohibited.
- Post-Competition: Code will be evaluated by judges after time ends.

5. Evaluation Criteria:
Based on the correctness of output after execution, the number of test cases passed, code accuracy (syntax errors reduce scores), and the completeness of the logical approach.

6. Scoring System:
Code will be evaluated based on below factors:

- Execution & Test cases
- Number of Lines
- Logic
- Big O

7. Disqualification Rules:
Participants will be disqualified for running code before the allowed time, plagiarism, using unfair means, or misbehavior.

8. Result Declaration:
Results are determined by the maximum test cases passed and least errors. In the event of a tie, the time taken will be the deciding factor.

9. Organizer's Rights:
Organizers reserve the right to modify rules, change difficulty levels, and disqualify participants for misconduct.

10.Coordinator Details:
Student coordinator:
Shivani Shinde-9011214573

Faculty Coordinator:

- Sana Metkari-9370250370
- Mukesh Patil-84596 78044

11. Prizes:

- **First Prize: 3000/-**
- **Second Prize: 2000/-**
- **Third Prize: 1000/-**
