1.Franchise Structure

- There will be 14 total franchises.
- Each franchise must consist of 1 to 5 members acting as team management.
- One member must be designated as the Lead Bidder, who is the only person permitted to place bids.
- Internal discussion is allowed, but members are not allowed to interrupt other bidders or the auctioneer.

2.**Team Composition**

- Each franchise must include exactly 12 players.
- Two Wicketkeepers (WK) are compulsory; failure to include them or to complete the 12-player squad will result in disqualification.
- There is no restriction on the number of overseas players.

3.Budget Rules

- Each franchise begins with a game purse of ₹100 crore (not a real amount).
- Budgets cannot be exceeded under any circumstances.
- If a team overspends or fails to complete its 12-player squad, it will be disqualified.
- Loans, trades, or refunds are strictly prohibited.

4. **Auction Format**
   - The total player pool includes 170 players.
   - To save time, the management will allot three players (having the same points) to each team at the start.
   - Each player has a base price set by the auctioneer.
   - The auction is a single-round event, meaning sold players are removed and unsold players are permanently eliminated.
   - Bidders can freely call out any higher amount, as there is no fixed increment step.
   - The auctioneer announces the player's name and base price, and confirms the final price with "SOLD!".

5. **Post-Auction Evaluation**
   - Player Ratings: Each player is given a pre-assigned rating out of 10, decided by the auctioneer based on their past IPL performance (2023, 2024, 2025). These ratings are final.
   - Team Scoring: The team's total score is the sum of the ratings of its 12 players. The team with the highest combined rating wins.
   - Verification: Checks performed after the auction confirm the team has 12 players, meets the 2WK requirement, has not exceeded the ₹100 crore budget, and that player ratings are correctly recorded.

6. **Tie-Breaker Rules**
   - If teams have the same total rating, the team with the higher remaining budget will be declared the winner.
   - If still tied, the team with more players rated 9.0 or above will win.
   - If the tie persists, the winner will be determined by a coin toss by the auctioneer.

7. D**isqualification Rules**
   - Immediate disqualification occurs if a franchise exceeds the ₹100 crore budget, fails to complete a 12-player team, or causes repeated disruption despite prior warnings.

8. **Card Rules**
   - The Target Lock Card can be used only 2 times.
   - When used for a player, the team gets one opportunity to bid, which must be their maximum offer.
   - After placing this bid, the team cannot participate in further bidding for that player.
   - If another team places a higher bid, the player is awarded to that team, and they receive double points for that particular player.
